MONGOLIAN SHEEP WOOL

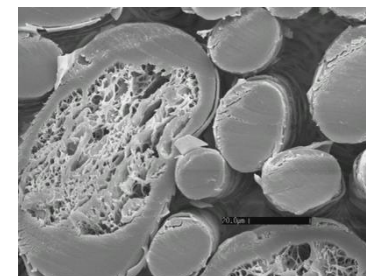

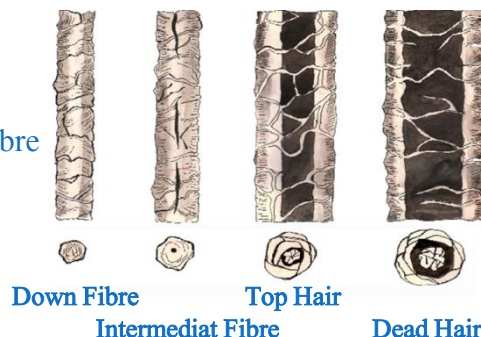

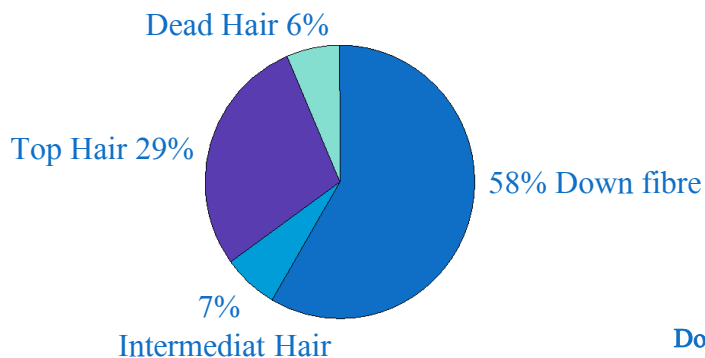

Sustainability

Mongolia with its untouched vast countryside has more than 30 million sheep that are being cultivated in the traditional nomadic lifestyle. We process the wool of the Mongolian sheep without using any additives or chemicals to produce fertilizer in pellets form. Hence, the name **Monpellets®**.

Number of sheep head, Mln.

Year	1990	1995	1999	2000	2008	2013	2018
Total	15,083	13,719	15,191	13,876	17,898	20,366	30,553

Fineness of the Fibre:
 Gourse: 32,5-40 micron
 Fine: 18-22 micron
 Length: 80-150 mm

Schafe 30,553 mln.

Ziegen 27,130 mln

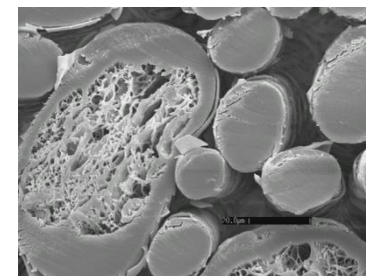

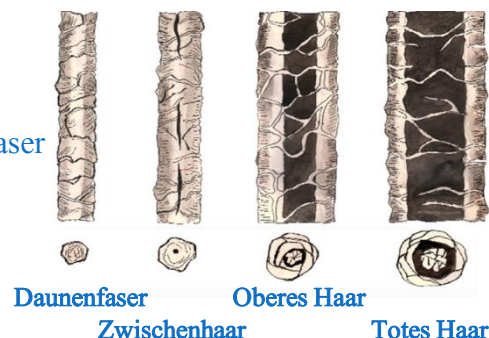

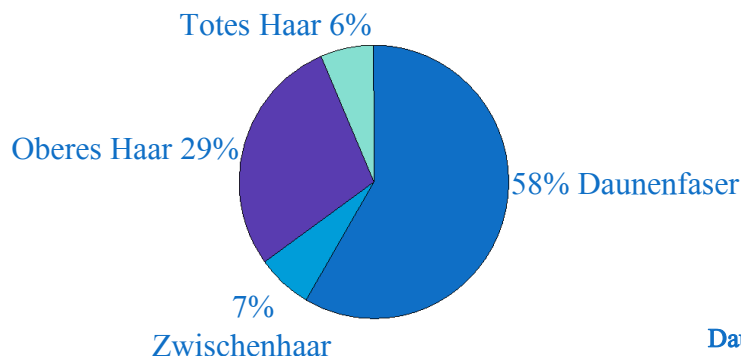

Nachhaltigkeit

Die Mongolei verfügt über einen Bestand von über 30 Millionen Schafe, die in traditioneller nomadischer Weise in der unberührten Steppe gehalten werden. Die Wolle von diesen Schafen verarbeiten wir dann ohne jegliche Fremdzusätze und Chemikalien zu Düngepellets. Daher der Name **Monpellets®**.

Zahl der Schafe, Mln.

Year	1990	1995	1999	2000	2008	2013	2018
